

Dada

FLAIR WALL UNIT—

Flair wall units are made with a 19 mm thick aluminium frame, in titan or pewter finish. The doors are available in three tempered 4 mm thick glasses: transparent extra-clear, fumé and bronze. The internal shelves are available in melamine, lacquer, wood or glass finish. The doors can be opened thanks to a small handle in the lower part of the door.

- _ widths 450/600/900/1200 mm
