ACCESSORIZED COLUMNS—

Perfect storage of supplies thanks to different shelves and accessories in the fully exploited columns, without waste of space.

“DISPENSA” ACCESSORIZED COLUMN

Sides access to the shelves with railing, hanging and individually height-adjustable. Up to 100 kg load capacity.

“LAVIDO” ACCESSORIZED COLUMN

Shelves with railing, hanging and individually heightadjustable.

“SWING” ACCESSORIZED COLUMN

Adjustable shelves and railing for optimal visibility and fully utilized cabinet width. When completely extended, the column can be rotated 90° on its own axis.

“TANDEM” ACCESSORIZED COLUMN

Two pantries behind a single door. The rear trays are forwarded towards the user by opening the door.

“LEMANS” ACCESSORIZED CORNER COLUMN

The controlled and perfectly uid sequence of movements is a seamless combination of turning and swinging, with trays moving independently and bringing the entire cabinet contents into easy reach. 85° door opening angle, for 25 kg load per tray.
